

P.A.

Eldy can be **customized for the Public Administration needs**, with National Cards and e-government.

We made a version of Eldy for [Lombardy](#) and Friuli Venezia Giulia Region; for cities of Vicenza, Venice, Padua and Livorno and also we customized [Eldy with Diweb](#) and for the project "Eldy ti parla" for blind and visually impaired people.

The most popular of these is the customized version for Lombardy Region
